This Fund is managed by Stanwahr S.à r.l.

This equities Compartment is actively managed and seeks capital growth with a horizon of over 3 years. The investment objective is to increase the asset value of a well-diversified and managed portfolio favouring the price-to-cash flow valuation criterion.

The investment policy of the FRANCE SMALL Compartment consists of purchasing French companies' equities listed on a regulated market whose stock market capitalisation is less than or equal to the highest stock market capitalisation of the CAC MID & SMALL NR index and which have a low price-to-cash-flow ratio, and to sell them when they no longer meet this criterion. The Compartment may also purchase convertible bonds and stock warrants which allow these companies' stock to be purchased. The FRANCE SMALL Compartment may also invest up to 10% of its net assets in companies listed on Euronext Growth (formerly Alternext) and up to 10% in non-French European small caps.

The Fund's investment policy includes non-financial environmental, social and governance quality (ESG) criteria.

The investor may sell compartment shares on any business day.

The revenue collected by the Fund is fully reinvested (accumulation share).

Reference value: CAC MID & SMALL NR.

Concentration risk: To the extent that the Fund's investments are concentrated in one particular country, market, industry or asset class, it could suffer losses due to adverse occurrences affecting that country, market, industry or asset class.

Liquidity risk: Liquidity risk exists when particular investments are difficult to purchase or sell. This can reduce the Fund's returns because the Fund may be unable to trade at advantageous times or prices.
